This beautifully updated 3 bedroom, 2.5 bathroom home is move-in ready and packed with upgrades. The well pump, hot water tank, pressure tank, washer, and dryer were all replaced in 2023. The tin roof was done just last year, and the toilets and upstairs tub are brand new and have never been used. The kitchen flooring was updated this spring, while the rest of the upstairs flooring was done in 2023. Downstairs features brand new carpet and fresh paint throughout. The home is sparkling clean—please remove shoes during showings as both levels have been recently cleaned. The well is located behind the garage, and the septic system runs along the northeast top portion of the bank by the fencing. Most of the items in the backyard will be removed before possession. This is a solid, updated acreage with everything already done, including a great shop. Come take a look and see if it's the one for you!
