Step inside and you’ll immediately notice the warm, rich LVP flooring that flows from the foyer past the private main floor office to the bright and airy open concept living space. The kitchen features an oversized quartz island with breakfast bar seating, black stainless-steel appliances including a gas range and chimney-style range hood, a built-in microwave and beverage fridge, soft-close cabinetry, and both a walk-in pantry and a butler’s pantry with bar sink. The living room centres around a natural gas fireplace—perfect to cozy up around on chilly nights—while oversized sliding patio doors allow gatherings to easily transition outdoors. Enjoy summer barbecues on the large, low-maintenance composite deck complete with a natural gas BBQ connector, gazebo and hot tub. Upstairs, the spacious primary suite is a private retreat featuring a luxury 5-piece ensuite with in-floor heating, dual vanities, a stand-alone soaker tub, and a walk-in closet. Three additional bedrooms—two with walk-in closets—share a full 4-piece bath, while a large bonus room and full laundry room round out the upper level. The basement is a blank canvas ready for your personal touch. Other highlights include central A/C, built-in drinking water filtration, a soft water conditioner with de-chlorination system, and underground irrigation outside.
