Soaring 17 ft ceilings and floor-to-ceiling windows fill the space with natural light and showcase panoramic urban views, including a sightline to the Calgary Tower right from your bed. The open-concept main floor is designed for connection and creativity, anchored by a striking gas fireplace wrapped in industrial cast concrete. The sleek kitchen brings style and function with granite counters, stainless steel appliances, a centre island with breakfast bar and a walk-in pantry, while the adjacent dining area easily accommodates a full-size table for dinner parties and hosting. A flexible area on the other side of the fireplace is the perfect place to set up a home office with extra storage, reading nook or games area. Just beyond, your private balcony offers space to unwind, grill or enjoy the outdoors with gas line to BBQ. A powder room with concrete sink adds main floor convenience. Glass railings and open-riser stairs lead to the upper level, where the expansive bedroom features hardwood floors, in-suite laundry, a modern 3-piece ensuite and ample room for king-sized furnishings. Glass panels overlook the living space below, keeping the whole home bright and airy. Titled underground heated parking (#66) and a separate storage locker (0) add comfort and security.
