The Noah—a thoughtfully designed floor plan offering style, space, and function. This home includes 9' basement walls, a modern kitchen with stainless steel appliances, quartz countertops with undermount sinks, a walk-in pantry, and a central island perfect for entertaining. The great room features a cozy electric fireplace, and large windows throughout the home bring in an abundance of natural light. Upstairs, enjoy a spacious bonus room, plus a serene primary bedroom complete with a walk-in closet and private ensuite. Built by a trusted builder with over 70 years of experience, this home showcases on-trend, designer-curated interior selections tailored for a home that feels personalized to you. This energy-efficient home is Built Green certified and includes triple-pane windows, a high-efficiency furnace, and a solar chase for a solar-ready setup. With blower door testing that may be eligible for up to 25% mortgage insurance savings, plus an electric car charger rough-in, it’s designed for sustainable, future-forward living. Featuring a full array of smart home technology, this home includes a programmable thermostat, ring camera doorbell, smart front door lock, smart and motion-activated switches—all seamlessly controlled via an Amazon Alexa touchscreen hub.
