With ICF foundation added, the lower level was raised to accommodate the grand 10' ceilings. The Main Level was improved for 12' ceilings throughout with the additional Sunlight added in the Kitchen and main living area to bring in the natural light. No detail was spared ranging from the fireplace mantle to the the smallest detail of the door hinges. With 7,899 Sq.ft of living space, this home offers 6 bedrooms, 5 of them with private ensuites and heated floors, ensuring privacy and comfort for all.
